**How to use this workflow diagram**

This workflow helps you understand the major steps in the production of OER and manage your own progress towards creating an OER. Key questions are asked at various points with direction and support from OER project manager and other staff also included.

**Terms and their meaning**

- **OER** = Open Educational Resources
- **CC** = Creative Commons
- **IP** = Intellectual Property
- **QA** = Quality Assurance
- **LMS** = Learning Management System
